

# Does your child have symptoms or a diagnosis of Autistic Disorder?

Red Oak Psychiatry Associates, P.A. is looking for children and adolescents between 6 and 17 years of age and in good health who have symptoms of or have been diagnosed with Autistic Disorder, accompanied by behavioral problems such as aggression, self-injury, and tantrums. Your child may be eligible to participate in an investigational medication study. Qualified participants will receive study-related health assessments and study medication at no cost.

If interested, please call: **281-893-7559, Ext. 267**
